Create test account

Create a personal or business test account, you can also create accounts on [sandbox.paypal.com](#), and they'll appear here.

Account details

Country  
Spain

Account type  
☐ Personal (buyer account)  
☒ Business (merchant account)

Email address

Please enter a valid email address

Password (8-20 characters)

First name (optional)

Last name (optional)

Payment Methods

PayPal balance  
 .00 EUR

Bank verified account  
☒ Yes ☐ No

Credit cards  
Visa

Note (optional)

Create Account

Bulk account upload

You can also create up to 40 accounts at a time using our Bulk Upload tool. [Learn more about account upload files in the uploading test accounts documentation.](#)

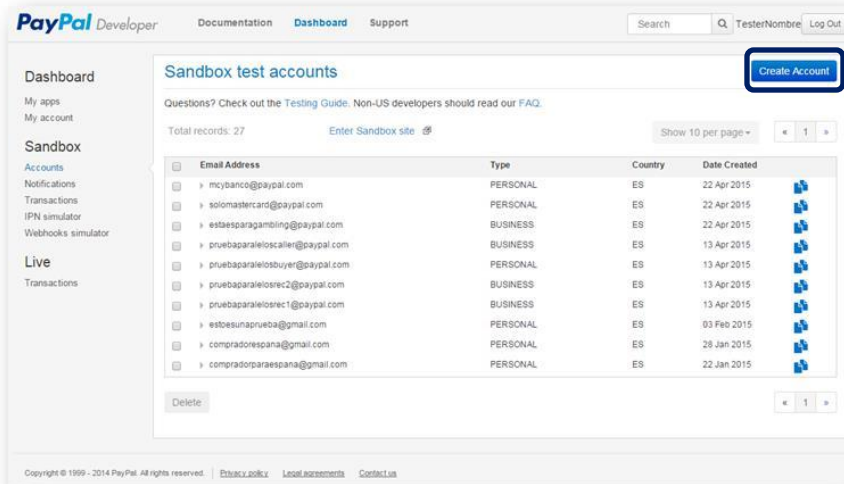

[Browse](#)

[Upload accounts](#)

Por defecto tendremos una cuenta Business creada. No utilizaremos esta y crearemos otra nueva, Business y Española. Los emails que introduzcamos no tienen por qué ser reales.

Para hacer que la integración técnica apunte al entorno Sandbox necesitamos conocer las credenciales API de la cuenta Business. Para acceder a ellas, debemos localizar la cuenta Business, clicar sobre **Profile** y luego sobre la pestaña **API Credentials**. Recomendamos copiar y pegar los campos Username, Password y Signature para evitar posibles errores tipográficos.
